*Comfortable Charter Catamaran  
for Relaxing Sailing Cruises*

## Highlights

This huge, comfortable sailing yacht is your choice for a relaxed cruising holiday, gourmet cuisine and fun activities in and out of the water.

Whether you embark on a day trip or on a longer sailing cruise, you will have a great time on board of this yacht. The owner, a former chef, runs the yacht like a floating restaurant. Delicious Thai and European dishes keep appearing from the galley. Fresh water usage is no issue with the large capacity water maker. Cabins are well ventilated with optional air-conditioning, opening hatches and electric fans.

Or ... you can sleep under the stars: the huge fore deck is probably the largest bed you've ever slept in!

The convenient and well-stocked galley to starboard (right side) and is fitted with a gas stove and an oven/grill. Three large fridges and one freezer will give **Cataleya** the opportunity for long term expedition type cruises too.

Food lovers can sit comfortably on the bar counter and watch the chef prepare delicious meals and if you want to be hands on there is plenty of space to do so. Let's not forget the coffee lovers! An Italian espresso machine will make the start of the day so much easier and if you like a Mai Tai or our famous Pina colada for your sun downer we are all set up for it!

## Above decks

For customers and friends who have been on Cataleya before, will find here the biggest changes. What was before a non-descript area, has been converted into the main living area on the yacht. The seating area has been raised to give you a complete 360degree view of the Andaman Sea!

Two large tables with comfortable seating for 6 adults on each table give you all the room you want. A huge fixed awning covering the entire area will protect you from the sun and the occasional rain shower. At night time subtle adjustable lighting will give you the cozy atmosphere you wanted for your vacation.

The huge sun deck up front is perfect for the optional massage therapy and the inviting netting perfect for sleeping under the stars at night. We can cover this area with removable awnings to give you all the shade you want.
